

Enhanced Growth Mandate

CFG Model Portfolio

Reporting as of March 29, 2018

Portfolio Description

The **Enhanced Growth Mandate** is a three-pool portfolio based on a growth-biased balance between more stable, yield-bearing assets (such as Fixed Income, Preferred Shares, Real Estate Investment Trusts [REITs], Covered Call and Credit Spread Strategies), via the Income Share Class and Option Writing Share Class, and higher-risk, growth-oriented asset classes (primarily Common Shares of publicly listed companies), via the Equity Share Class.

Investment Objective

The objective of the **Enhanced Growth Mandate** is to achieve better risk-adjusted returns than a passive, low-cost, diversified portfolio benchmark (The Real World Growth Index). The **Enhanced Growth Mandate** aims to achieve this objective by holding in client accounts three Share Classes in target proportions of 25% Income Share Class, 65% Equity Share Class and 10% Option Writing Share Class. Croft Financial Group will rebalance back to this target at least annually. In addition, rebalancing takes place within each Share Class on a more frequent basis to manage market risk, take advantage of market opportunity, and manage cash positions. For further information, including a more detailed description of the investment objectives and strategy for each of the component Share Classes, please review our Relationship Disclosure Document and/or Share Class Fact Sheets, both available at www.croftgroup.com.
