

All-Star Managers Global Select

CFG Model Portfolio

Aggressive Growth

Portfolio Description

The All-Star Managers Global Select Portfolios are a series of diversified fund portfolios tied to the individual risk tolerances and return needs of investors. The portfolios employ a multi-manager approach, providing access to a wide variety of investment styles and methodologies, and thereby reducing the risk of investing with one manager who may underperform in any given year. R N Croft Financial Group (CFG) is the investment manager responsible for the selection of the underlying funds and managers, and the optimization of the individual fund weightings within each portfolio.

The objective of the All-Star Managers Global Select Aggressive Growth Portfolio is to provide Canadian investors with a globally diversified Canadian dollar equity biased portfolio that has shown consistent capital gains investment appreciation. As such, this Aggressive Growth Portfolio is designed to be a higher-risk investment best suited to risk-tolerant investors who are focused on building their investment assets and have a long-time horizon before they may need to withdraw from their portfolio.

To achieve this objective, the All-Star Managers Global Select Aggressive Growth Portfolio includes equity biased investments selected based on a number of key factors including, but not limited to, a consistent, long-term record of outperformance. In addition, CFG regularly evaluates each fund for structure, quality and performance to detect any material changes that could affect the funds themselves and the overall portfolio mandate and may change individual fund selection or allocation within the portfolio based on market fluctuations and market outlook.

Portfolio performance is tracked against the Financial Post FPX Growth benchmark*, which is a broad, globally diversified Canadian dollar model portfolio that has shown enhanced capital protection and reliable returns since its 1997 inception.
